WILL ASSESS ALL ALABAMA ROADS

State Board of Assessment Met at Montgomery.

NOT INTENDED TO BE DRASTIC.

More Time Given Roads and Dates Set for Hearings of Different System of Roads—Telegraph and Telephone Lines Also Assesed.

Montgomery, Ala., April 6.—The leading feature of the state house show was the meeting of the state board of assessments gathered for the purpose of assessing the rails and rolling stock of the railroads of the state and the lines and poles of the long distance telephone and telegraph companies. The board is made up of the governor, the secretary of state, the auditor and the treasurer, with the attorney general in an advisory capacity.

To the several members of the railroad forces present the governor said that it was not intended to be drastic, the idea being to get at the values of the property, including all sorts and kinds of securities and bonds, and the attorneys for the roads will be supplied with knowledge of what is desired in the way of information.

It was found that many of the roads notably the larger systems, were not ready to go into the matter at this time. It was, therefore, decided to give them more time, and the following dates were set for hearings, at which time the representatives of the roads are told that they will have to go over the entire scope of tax provisions.

Telegraph and telephone companies, April 15; Seaboard and connections April 16; Coast Line, April 17; the Louisville and Nashville, April 18; Western and the Central of Georgia, April 19; Southern, week of April 22. Other dates will be arranged later.

The roads which were taken up at once were the Mobile, Jackson and Kansas City, represented by J. C. Rich, of Mobile. Others were the Alabama, Tennessee and Northern, the Tombigbee Valley and the Sumter and Choctaw. The old assessment of the Atlanta, Birmingham and Atlantic was allowed to stand. The Nashville, Chattanooga and St. Louis will be heard along with the Coast Line on April 17.

Mr. Rich said that the Mobile, Jackson and Kansas City had 27 miles of track in the state. It has a floating debt of $1,600,000 and is bonded for $20,000 a mile. It cost from $9,000 to $12,000 a mile to build it, which is much less than it could be constructed for at this time. There is no preferred stock; the earning capacity is shown to be $3,399 per mile, and the tax values are placed at $3,500 a mile.

By the new laws the regulations govern the valuations of railroad property are given as follows: "The valuations of such property shall be had upon a consideration of what a clear fee simple title thereto would sell for under conditions under which that character of property is most usually sold, and as evidence tending to show what this would be, said state board of assessment shall ascertain as near as they can, and consider the average market value of the stocks and bonds of such companies in the markets during preceding twelve months, and shall also take into consideration the estimated investment valuation of said property as returned by the duly authorized officers or agents of said companies to the railroad commission as a basis for the adjustment of rates of said companies to the railroad commission as a basis for the adjustment of rates for services to the public by such companies, and all other legal information as to such values that they may be able to obtain."

Proposal to Survey Great Railway.

Valparaiso, Chili, April 6—The government has accepted the German and Berlin syndicates proposal to survey a great longitudinal railway.

LOT OF BOODLE GATHERED.

Shameful Story of Corruption in the Arkansas Legislature.

Little Rock, Ark., April 6.—In one of the most dramatic scenes ever witnessed in the circuit court of Pulaski county, former State Senator John A. Hinkle, Thursday, while a witness at the trial of former State Senator Webb Covington on a charge of perjury, told of alleged boodling in the last legislature. The testimony incriminated Hinkle in connection with the beer inspection legislation, although it had to do directly with the charge of perjury against Covington.

In response to a question by the attorney for Covington, as to whether or not he testified before the grand jury to receiving from a local liquor dealer $5,000 in one package and $2,500 in another as payment for action that had been on the Fuller Beer inspection bill, Hinkle admitted that he received $7,500 at the liquor dealer's office. Asked with whom he had divided the money witness declared that he had not testified that it was divided, but when asked whether he had kept all the money he declined to answer. He admitted that he had received more than $100 in connection with another measure.

Members of alleged boodle combination, Hinkle alleged, stood about the state house inquiring if "the money had come down on the bill" before they voted to kill the measure. He told Prosecutor Rhoton about the alleged "capitol bill" graft because the members of the boodle combination were throwing him down.

D. P. Cook also testified. He admitted receiving $12,000 from the contractor for the state capitol, and said he gave Covington the money for distribution.

The names of several members of the legislature who are under indictment were frequently mentioned in connection with the alleged grafting.

Ex-Senator Butt, alleged to have been a member of the boodle combination, was convcted of boodling.

Statement from Haywood.

Denver, April 6.—A dispatch to the News from Boise, Idaho, contains a statement from Wm. D. Haywood, secretary of the Western Federation of Miners, now in prison there in connection with the assassination of Former Governor Steunburg, commenting on certain references to him by President Roosevelt in letters to J. S. Sherman, of New York, given to the public recently, in the Roosevelt-Harrison episode. The statement reads: "I do not desire to make any extended statement, but the president says that I am an 'undesirable citizen,' the inference being that as such, I should be put out of the way. His influence is all-powerful and his statement, coming as it does, on the eve of my trial for life, will work me irreparable injury and do more to prevent a fair trial than everything that has been said and done against me in the past."

Jim Lewis Proves Wrong Negro.

Fairmount, Ga., April 6.—The negro, Jim Lewis, was carried Thursday before Mrs. Hugh Tolbert for identification. "He is not the negro who assaulted me and murdered my baby," declared Mrs. Tolbert. A large crowd had gathered waiting the result of the identification. When it was found that he was the wrong man a purse was made up for the negro and he was carried back to his home in Alabama. Reports have been received here that a negro has been arrested at Ellijay who fits the description of Mrs. Tolbert's assailant. Officers are now on their way bringing him to Fairmount.

Acuused of Falsification.

Manila, April 6.—Captain Frederick Cole, quartermaster, F. P. Thoraton, former chief clerk in the Quartermaster's department, were formally accused in the criminal court Friday with the falsification of a public document. Cole and Thornton are charged with having padded the pay roll in the Quartermaster's shops. It is said the operations extend over many months, and thousands of dollars are alleged to have been secured in this manner. The trial will probably take place at an early date.

CITY IS WRECKED BY WIND STORM

Nine People Killed by Tornado at Alexandria, La.

50 HOUSES WERE BLOWN DOWN

Storm Came Suddenly Upon City at 1 O'clock Friday Morning, Devastating Everything in Its Path—Great Damage Resulted.

Alexandria, La., Apri 6.—Several persons dead, many injured and a hundred factories, stores and dwellings totally wrecked or partially damaged, is the result of a cyclone which passed over Alexandria between 1 and 2 o'clock Friday morning.

The dead, which had been removed from the debris at 8 o'clock Friday morning, are:

M. I. Dunn, John Breck, Couvillion White, Rose Dudley.

At the same hour thirteen persons had been carried to the hospital suffering from various injuries, some of them fatal.

The city power plant, the Alexandria ice and cold-storage plant, and many other mills and factories were wrecked or partially wrecked.

The tornado, according to the information at present in hand, damaged an area extending from a point three miles above this city on Bayou Rapides to the pine woods, several miles below here on Red river. Reports are now coming in from the surrounding country telling of property damage and loss of life. The list of dead is growing, and there are a great many injured. All of the buildings in the path of the cyclone were destroyed, and those on the outskirts badly damaged. The wind was accompanied by a heavy rain and hail and growing crops were seriously injured.

Nine passenger coaches standing in the yards of the Iron Mountain railroad were swept off the tracks and rolled over. Heavy pieces of wreckage was blown entirely through some of the coaches.,

An effort is now being made to obtain a complete list of the dead and injured in and immediately around the city.

New Orleans, April 6.—Dispatches received here from Bayou Sara, La., report serious damage in West Feliciana parish as a result of a tornado which swept over that section of the state early Friday.

Many negroes are reported to have been killed in their cabins.

Dallas, Tex., Apri 6.—Tran dispatchers of the Texas and Pacific railroad here report that a cyclone occurred at Alexandria, La., at about 2 a. m., Friday, in which at least forty injured. Further details are as yet unobtainable.

2,000 Bales of Cotton Sold.

LaGrange, Ga., April 6.—Will Lee, the largest single transaction of the kind ever made here was consummated when 2,000 bales of cotton were sold through Mr. J. E. Dunson to the Consolidated Cotton Duck corporation, of Baltimore, Md. The price was understood to be about 11 cents and a check was issued for about $110,000. The cotton belonged to J. E. Dunson, J. M. Barnard, W. A. Reeves and others, of the Troup company, and was stored in the mammoth new warehouse of the Troup company at LaGrange.

Ex-Sheriff Maples Killed.

Knoxville, Tenn., April 6.—Fillmore M. Maples, for many years sheriff of Sevier county, Tennessee, and later a patrolman in this city, was shot and killed by James Lay the tragedy occurring in Lay's saloon, in the Bowery district. Lay claims self-defense.

Hammestein Signed Contract.

New York, April 6.—Oscar Hammerstein has signed a contract with Victor Herbert, in which that composer promises to furnish Impressario with an opera to be produced at the Manhattan opera house next season.

THAW DECLARED SANE.

But Jerome is Making Efforts to Delay the Trial.

New York, April 6.—Much uncertainty again invests the Thaw case.

Thaw is sane, according to the finding of the commission in lunacy, which has been placed in Justice Fitzgerald's hands and he is adjudged quite competent to consult his lawyers. But this triumph by him over the prosecution may end with the report and he may yet have to spend many weary weeks of imprisonment before his fate is decided.

The contingency, if it should occur, would be because of District Attorney Jerome's uncompromising attitude, for he has determined to appeal from Justice Fitzgerald's ruling that he cannot inspect the rulings of the commission. The appeal is in the nature of an action to obtain a review of the justice's decision, it will be taken in the appellate division of the supreme court, and by it the district attorney will seek either a writ of prohibition or a writ of mandamus. Such an application will act as a stay of proceedings, and if granted, it will halt the trial, which had reached its last phase, for perhaps weeks, or even months.

Mr. Jerome is proceeding on ground that he cannot without having examined the minutes, make an intelligent argument against the adoption of the commission's report. Justice Fitzgerald has not yet confirmed the report but doubtless he will do so next Monday morning. The jury, meantime, is excused until that day. The effect of the possibility of a long drawn out break in the case will be upon Thaw remains to be seen. He was decidedly elated when he learned of the commission's report about him and so was his wife and all the rest of his family. As for his lawyers, they are confident that the district attorney stands little chance of gaining his point and interrupting the trial much longer.

THEY MUST PAY $5,000 LICENSE.

Alabama Future Dealers Will Have To Pay Increased Amount.

Montgomery, Ala., April 6—Attorney General A. M. Garber has ruled that the dealers in futures will have to pay the increased license of $5,000 imposed by the state for this year, although they may have paid the fees heretofore enacted. However, he suggests that as much provision may have the effect to put them out of business the matter might be taken up by the board of compromise and adjusted with justice and right to all.

Another important ruling is that the loaning of money by farmers and merchants to men with whom they are doing business is not lending business within the law as regards money lending licenses.

It is also held that men seeking immigrants for private corporations may ride on passes.

Industrial Peace Night.

New York, April 6.—The National Civic Federation has issued invitations for an industrial peace night, which took place Friday evening at the residence of Mr. and Mrs. Carnegie. One hundred representatives of the public, one hundred employees and one hundred representative workingmen have been invited to attend. Mrs. Carnegie will receive the guests and during the evening Mr. Carnegie will deliver an address The gathering will be like that entertained at the residence of Mrs. Potter Palmer, in Chicago, and is to further cordial relations between employe and employer.

Negro Desperado Caught.

LaGrange, Ga., April 6.—Probably a desperate negro character, who is wanted by Alabama authorities on the charge of criminally assaulting a 16 year old negro girl, was captured at the railroad camps near this city by Sheriff Florence and Deputy Sheriff Birdsong. He is now in Troup county jail.

Art Exhibition at Venice.

Venice, April 6.—Nearly 400 applications have been received from artists to exhibit their works at the coming art exhibition here. The jury which considered the applications has admitted 148 artists with 212 works of art.

ALLEGED FIEND SENT TO ATLANTA PRISON

Negro Is Identified as Fairmount Murderer.

REMOVED FROM DALTON PRISON

When Asked Why He Killed the Tolbert Baby, He Stated that He Knew Nnothing About It, as His Mind Has Been Blank for Some Time.

Dalton, Ga., April 6.—The negro who has been identified as the murderer of the Tolbert infant in Fairmount, and who has been confined in the county jail here, was heavily handcuffed and placed on the southbound Southern train for Atlanta on Friday morning.

The officers were uneasy, fearing that a mob would take him from them before they reached Atlanta.

When asked why he killed the baby, the negro stated that he knew nothing about it as his mind has been a blank for some time.

He fulfills exactly the description of the fiend who attacked a white woman just above Dalton a short time before the Fairmount horror occurred, and as he stated that he came here from Nashville about that time, he is probably the same one.

As to the Fairmount murder, the prisoner stated that the people say he is guilty of it, but he does not know whether he is or not.

NEGRO MOVED FROM ROME JAIL

Wild Rumors About Him Cause Officials to Take Action.

Calhoun, Ga., April 6.—There is a negro in Rome jail suspected of the assault on Mrs. Tolbert and the murder of her baby.

He was brought to Calhoun soon after the Fairmont trouble and later Mrs. Tolbert came down and he was brought before her. She refused to say positively that he was the right negro, but said he resembled the one very much.

He was taken back to Rome jail, where he has since been confined, and there is some talk of bringing him back to Calhoun. He seems to be crazy and no information tending to locate his home can be gained from him.

This crazy negro was removed from the jail at Rome Thursday afternoon and brought by the sheriff of Floyd county to Plainville, where he was turned over to Bailiff McArthur and Marion Adcock, of this county. He was taken to Dalton and placed in jail Thursday night.

There had been several rumors in circulation at Rome, one of them being that the negro had confessed to attacking Mrs. Tolbert and killing her infant, and Floyd county officials thought it best to have the negro removed. Those who have been with the prisoner believe he is crazy and have little faith in his guilt.

Floyd county officials, so it is said, were on the eve of taking out a writ of lunacy for the negro when the rumors changed their plans.

Charlotte Now Has Jim-Crew Law.

Charlotte, N. C., April 6.—The new "Jim Crow" car law passed by the last legislature has gone into effect on the street car lines of Charlotte. So far there have been no serious disturbances on account of the new law, and it is thought there will be none. According to the provisions of the law, street car conductors are empowered with police authority, and it is left with them to separate the races on the cars.

Charged with Abandonment.

Charlotte, N. C., April 6.—Mr. A. E. Friese, of Atlanta, Ga., has been arrested here on a warrant sworn out by his wife, charging him with abandonment. She, accompanied by her 14 Mrs. Friese, accompanied by her 14-year-old son, has arrived in the city from Atlanta, and swore out a warrant for her husband. After a great deal of difficulty the couple got back together. An effort was made to settle the matter out of court.

NEWS OF CITY AND COUNTY CONDENSED

The Sun has been requested to announce that the hours at the Library until further notice will be from 2:30 to 5:30 p. m. This change has been made owing to the fact that the days are growing longer.

The revival services at Mt. Moriah Baptist Church, colored, of which Rev. H. M. Fleming is pastor, will close tonight, after a very successful season. Twenty-seven souls were added to the church, nineteen of whom will be baptized by the pastor tonight.

Tax Assessor W. W. Colson has opened his new tax rolls for 1907, having begun work yesterday on a brand new set of books. As a result of the opening of this new set, this officer and his assistant, Captain J. C. McGrew, will be quite busy for the next few weeks.

Among the prominent Northerners visiting the city is E. B. Eames, a commission merchant of Boston. Mr. Eames is a personal friend of J. R. Emerson. This is his first visit to Gainesville, and he is very much pleased with the city and those people whom he has met.

Commodore Beall Home.

Commodore R. W. Beall of Uniontown, Pa., who has been sojourning in this city and vicinity for the past few weeks, has returned to his home. Commodore Beall, who is a gentleman of exceptionally pleasing manner, is a member of the "Uniontown Club," a club of a half-dozen or more gentlemen who camp annually on Lake Kanapaha, where they have a desirable site. He is the last to leave this season, his friends having preceded him some time ago.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. A Statement From G. K. Broome—A Misstatement Corrected.

During the past few weeks certain members of the Municipal League have assiduously circulated reports that the city of Gainesville was in a deplorable financial condition, and that if the extravagance of the present administration was not soon checked, the city would be bankrupted, and on Friday evening we are reliably informed that one of the speakers of the Municipal League took occasion to cite Mr. G. K. Broome as his authority for the statement that the city was in a bankrupt condition at the present time, and must soon go into the hands of a receiver if extravagance was not soon checked.

We wish to call attention to the fact that at the same moment this speaker was making this declaration Mr. G. K Broome was present at a meeting of citizens in the court house, and when being called upon for his views on the present political situation, took occasion to say: "I have been a member of the City Council of Gainesville for fifteen or sixteen years, continually, during most of which time I have been chairman of the Finance Committee and in charge of the city's finances. I will read some figures which will indicate to you that while the city's indebtedness has naturally increased, her resources have more than doubled, and it is my opinion that the city's financial condition tonight is as good or perhaps better than at any time during the fifteen or sixteen years that I have had charge of her finances."

Amid great applause Mr. Broome resumed his seat.

The above is substantially true and correct.

W. R. Thomas.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheomatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

Second Indictment Against Walsh.

Chicago, April 6—The federal grand jury has returned a second indictment against John R. Walsh, former president of the Chicago National bank, charging mismanagement of that institution.

MR. PEDRICK'S VIEWS.

He Believes the Voters Should Stand by Administration Ticket.

To the Voters of Gainesville:

There has never been a time in the history of our city when there has been a graver responsibility resting on the shoulders of the voters than now. This is no time for men to let wounded feelings, personal grievances and imaginary wrongs influence them in casting their ballots. The personnel of the candidates is of no special importance, but the principles for which they stand, and their honesty and integrity, business sagacity, and ability and willingness to do things is what we want.

When the fight to locate the University was on, I took a deep interest in the matter and made trips to Tallahassee at my own expense, and was in position to know the interest which each citizen took in this important campaign.

Mr. S. J. Thomas, who is a member of the Board of Public Works and a candidate for re-election, always contributed liberally to the campaign fund, and was one of the ten men who gave his personal note and endorsed each of the other's for $80,000, to guarantee the location of the school in Gainesville. These men are still due the National Bank of this city $10,000, the amount remaining unpaid to the State which was pledged by these ten men.

The citizens unanimously voted bonds to protect these gentlemen, but that does not alter the fact that they are ready at all times to give liberally of ther money and time and take heavy risks, when need be, to build up our town.

Can you as a voter repudiate such services as rendered by Mr. Thomas and some other Administration candidates and vote for those who did not give of their time, influence and money?

I am certain that Mr. Thomas, as a member of the Board of Public Works, has zealously guarded the interests of every taxpayer in town, and has been as aggressive in the prosecution of the public work as he has always been in his private affairs. Occupying the position as Chairman of the Street Committee, he necessarily has unpleasant duties to perform and cannot always please everyone and protect the city's interest.

In refusing to permit certain parties to build sidewalks on streets under the control of the Board, except under contract secured by good bonds, which is a protection to the property owner, he has incurred their enmity, and those who are fighting him on this very proposition would condemn him the more loudly did he not look out for the interest of the property owner and not the individual. His work is a "labor of love" for the city of his birth and we are fortunate to have such men to fill such positions—positions without remuneration and but small thanks, but with a full quota of criticism.

I want every voter in Gainesville who is in favor of public improvements and municipal ownership of the electric light plant to vote for Mr. Thomas, because he represents my views in all these public questions.

Vote the Administration ticket straight.

Defeat the Administration ticket and you will find it difficult to ever get the progressive business men to permit the use of their names for city offices in the future. Elect them and Gainesville's future prosperity is assured.

C. C. Pedrick.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

The Cough of Consumption

HEALTH OF WOMEN

In this nineteenth century to keep up with the march of progress every power of woman is strained to its utmost, and the tax upon her physical system is far greater than ever.

In the good old-fashioned days of our grandmothers few drugs were used in medicines. They relied upon roots and herbs to cure weaknesses and disease, and their knowledge of roots and herbs was far greater than that of women today.

It was in this study of roots and herbs that Lydia E. Pinkham, of Lynn, Mass., discovered and gave to the women of the world a remedy more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value.

This medicine made from native roots and herbs contains no narcotics or other harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

Mrs. C. E. Fink, of Carnegie, Pa., writes:—Dear Mrs. Pinkham:—"I wish every suffering woman would take Lydia E. Pinkham's Vegetable Compound and write to you for advice. It has done me a world of good and what it has accomplished for me I know it will do for others."

When women are troubled with Irregularities, Displacements, Ulceration, Inflammation, Backache, Nervous Prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case.

STROUSE CAPTURED HOUSTON

Florida's Popular Evangelist is Waking Things Up in Texas Town.

Dr. Clarence B. Strouse and Rev. George R. Stuart, both well known here, are conducting a union revival meeting in Houston, Texas, with great success, as will be seen from the following, being a special dispatch to The Galveston News from Houston, under date of March 31:

"At 4 o'clock this afternoon a concourse of people filled the Union Tabernacle on Main street to listen to the opening sermon which marked the beginning of an evangelistic campaign to be conducted here by the noted evangelists, Stuart and Strouse, under the auspices of the different churches of Houston.

"Dr. Clarence B. Strouse spoke this afternoon, and the intense interest with which the congregation drank in every word of the eloquent address made the opening a most successful one.

"Dr. Strouse is a man of strangely winning personality. A converted aristocrat, ex-horse racer and owner, one time society man, the once petted son of society and fortune, college athlete and former "sport," in the better sense of the term, he presents a human study in the wonderful changing power, the remarkable regenerative influence, as it were, of the religion he so earnestly advocates.

"The young evangelist portrayed the sinful pleasure which he once pursued and found so unsatisfying. In a manner so unaffected and so unconsciously earnest that it was to a degree dramatic. Dr. Strouse portrayed the long nights and the weary days, nights of troublesome dreams, days when the sun seemed not to shine, the song of birds hushed, the very flowers seeming to droop their heads and cease to send out upon the dark world the silent music of their perfume; those days when he battled with his conscience and wrestled with the spirit of conviction.

"With shining eyes and uplifted face, the words flowing in mellow voice like a mighty river, Dr. Strouse portrayed his surrender to the call of duty, to the happiness of doing right, to the peace of an approving conscience.

"It is said that the magnetism of one true orator, the very personality of one man when injected into spoken words will sway multitudes as reeds in the wind. This is true, and certainly the words of this remarkable man as he stood in the pulpit, his countenance glowing with holy zeal, his very gesture carrying power, his being pregnant with an earnestness born of a divine inspiration, swayed the minds and hearts of those who were within the sound of the voice that delivered the singing message.

"The man seemed to be transformed by his own joy, his own earnestness and his deep desire to teach others the joy of his religion and his Christ.

"After the meeting a demonstration seldom witnessed was made, the people crowding forward to greet both Stuart and Strouse, "the men of God inspired," as one old patriarch expressed it.

"One feature of today's meeting was the presence of the large number of the smart set, come to hear one of their own class and culture give his message. A most profound impression was made on the people."

Why is it you have never complied with Section 7, of Chapter 5496, Laws of Florida, passed May 9, 1905, which reads as follows:

"The Mayor and city council shall, by ordinance, provide for the auditing annually, by an expert accountant, not connected with the municipal government, of the accounts of each municipal officer handling public moneys of the city, and shall have the report of each auditing published in a newspaper printed in the city, for the information of the taxpayers."

W. C. T. U. RESOLUTIONS.

This Society Urges the Voters to Stand by Administration Ticket.

Whereas, There are now before the citizens of Gainesville measures which effect most vitally the peace, prosperity and happiness of this community, and whereas the Woman's Christian Temperance Union is pledged to the furtherance of all measures which insure the sanctity and purity of the home, the morals of the community and the integrity of governmental administration, therefore, be it

Resolved, by the W. C. T. U. of Gainesville:

First, That we most heartily endorse and commend the action of our City Council in passing the "Peace and Morals" ordinance, believing that its enforcement will help in maintaining the sacredness of the Sabbath as a day of rest and devotion, and promote the moral and physical life of our community.

Second, That we deem it of the utmost importance that the following section in the platform adopted by the mass meeting of the citizens of Gainesville, held in the court house on the 18th day of March, A. D. 1907, towit: "That we are fully convinced that driving the open saloon from our city has wonderfully improved its social, moral and financial condition; that we most heartily favor the utmost possible vigilance and rigor in suppressing blind-tigers, houses of prostitution and gambling dens, and that we pledge our utmost endeavor to make and maintain a clean city to which patrons of the University of Florida need not be afraid to send their sons," be endorsed by the voters of Gainesville on next Tuesday, as the enforcement of the prohibition ordinances is a safe-guard against the lawlessness and crime which follow the sale of intoxicants.

Adopted by the Woman's Christian Temperance Union in regular business session, assembled this fifth day of April, 1907.

COMPLIMENT TO THE GUARDS.

Many Medals Awarded Members For Efficiency With the Rifle.

Gainesville has a number of institutions and organizations of which she naturally feels proud, and of these is Company H, Second Infantry, Florida State Troops, more familiarly known as the Gainesville Guards. This company is composed of a body of as fine young men as can be found in the State, and who manifest a great deal of interest in military affairs.

During the year 1906 the Guards demonstrated ability for marksmanship at the State meet, St. Augustine, and the following received medals:

Captain J. W. Blanding, a medal for expert rifleman; Artificer J. P. Lovelace and Private Chas. Pinkoson, sharpshooters; Captain C. R. Layton, Lieutenant Allen Graham, Sergeant C. B. Boyd, Corporals W. J. Holly, W. T. Gore, Sandy Graham, Privates R. D. Hall, R. B. Beville, W. O. Morris and A. C. Perry, marksmanship.

This company has the distinction of making the third highest record in the State, their average being exceeded only by Company G, of St. Augustine, and Company I of Key West.

The Richest Man in the World,

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

HUMORS IN THE BLOOD

Coming of Warm Weather Forces Them Out, Causing Itching, Burning Skin Eruptions.

The blood and skin are so closely connected that whatever affects the one has a corresponding effect on the other. When the blood is pure and healthy the skin will be soft, smooth, and free from all eruptions; but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease.

The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable, otherwise it would become hard and dry from constant exposure to wind and sun. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry scaly skin eruptions as Tetter, Psoriasis and kindred troubles.

These humors find their way into the blood through a disordered or deranged condition of the system. There is a certain amount of waste or refuse matter collected in the body every day. This is useless in nourishing or keeping the system in health, and nature intends that it shall find an outlet through the channels of bodily waste. As long as these members perform their duties properly the blood remains pure and free from infection; but when from any cause they become dull and sluggish, this refuse matter is left to sour and be taken into the blood in the form of humors and poisons. The skin is a perfect index to the blood; when we see one afflicted with a skin disease, or pimples, rashes, eruptions, blotches, etc., constantly appearing, we know that down deep in the blood a humor has taken root, and instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is pouring out its acid and unhealthy accumulations.

S. S. S. DROVE THE HUMOR OUT.

Gentlemen: Some two years ago I suffered a great deal, caused on account of a humor in the blood; small rash or pimples broke out over my body and kept getting worse day by day for over a year. Seeing S. S. S. advertised in the paper and having also heard it had cured several people in this city, concluded to try it. After using the medicine I was entirely cured, and am very glad to recommend it. 1020 Clay St., Paducah, Ky. EDW. W. LONG.

FOUND A CURE FOR POISON OAK.

Gentlemen: After having tried for six years to find a cure for Poison Oak, from which I was a great sufferer, I was told by a friend to try S. S. S. It entirely cured me and gave me excellent health. There is no remedy for a bad condition of the blood like S. S. S., and you have in S. S. S. a positive cure for Poison Oak.

Danville, Ky. J. E. WISEMAN.

The skin is not only affected by the humors generated within the system, but poisons from without, such as Poison Oak and Ivy, Nettle Rash, etc., as well as poisons from metals, acids, etc., enter through the open pores and glands, and so thoroughly do they take root in the blood that they are ever present, or return from year to year to annoy the sufferer.

The treatment of skin diseases with salves, washes, lotions, etc., is along the wrong line. True such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause of the trouble, and at best such things are only palliative and soothing.

S.S.S.

PURELY VEGETABLE

A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients from nature's forests and fields, is the proper treatment. S. S. S. goes down into the circulation and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin diseases and affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Poison Oak and Ivy, Nettle Rash and all troubles of the skin. Special book on skin diseases and any medical advice desired furnished by our physicians without charge to all who write.

Shot Himself Accidentally.

Cedartown, Ga., April 6.—Roy Anderson, a boy about 12 years old, accidentally shot himself Thursday while playing with a pistol, the ball passing through his bowels. Drs. W. A. Chapman, and J. J. Cooper were summoned immediately and found the boy in a precarious condition. The bowels were protruding from the abdomen, and the wound inflicted very large for a pistol ball. The muzzle was very close to the body, and the ball went through the intestines. His recovery is considered quite doubtful.

The bonded indebtedness of Florida is shown to be $601,567 by the recent report of State Treasurer Knott.

Building material is still going up, yet in these unparalleled prosperous times the high prices do not check buildings from going up.

The Royal Palm hotel has closed for the season. The closing of the hotel marked the termination of one of the largest and most profitable seasons of the hotel.

Fort Myers now has one of the neatest and most convenient postoffices in the State for a town of its size. They have a first-class office in every respect in a new brick building.

The death of Senator Newlan of Suwannee county, which occurred on Friday, marked the fourth death in the Senate ranks since the last session of the Legislature in 1905.

The tenth annual report of the Florida Railroad Commission for the year ending March 1st, 1907, is at hand. It is well compiled, containing much valuable information.

The message of Governor Broward to the Legislature was a quite lengthy document, and was evidence that the Governor had spent many hours in its preparation. But the paper contains many able and lofty thoughts, and is worthy of a careful reading.

The Polk county fair held in Lakeland Saturday under the auspices of the Farmers' Club was a grand success. From the opening to the close the building in which it was held, and the grounds, were thronged throughout. All parts of Polk county were represented.

The Culpeppers closed their revival at Arcadia last Sunday, the court-room of the court house being crowded to more than its seating capacity. There were 144 souls to unite with the different churches. It was the most impressive and far-reaching revival ever held in that city.

If a boy or girl reads a good essay or speaks well a piece, or sings a song well, or stands high in class rank, they should receive public mention of the fact. Many more young minds are injured by the want of cheering words that are made vain by an excess of fault praise.

The receipts of the Lakeland postoffice show a gain of $692.48 over last year's report for the same period. The receipts of the postoffice for last year's business was much over the $8,000 mark. This places Lakeland in the second-class list and entitles her to free delivery.

During the past year many newspapers of Florida have evidenced good signs of improvement, both in appearance and partronage. From this conclusion is naturally drawn that the State is in the midst of a wave of prosperity, for it is generally through the medium of the newspapers that a community is judged as to its business or prosperous condition. The newspapers of Florida have done a great deal of good for the State, and are deserving of all the support that can be given them.

THE EFFECT OF DEPRESSION.

"William George Jordan says that a period of business depression or failure, the loss of position or other reverses, the cutting down of income and the many dangerous sequels, may bring husband and wife face to face with far more than a financial crisis. It is the entrance of a strain and stringency with no visible exit. It is a situation requiring slow, careful watchfulness as that of a sea captain, standing on the bridge of an ocean steamer and directing the snail-like progress of his ship under slow steam through a heavy fog. There is danger of fretting, blame, recrimination, protest and lack of sympathy on the part of the wife, met by a tendency to coldness, bitterness, hopelessness, sarcasm or despair on the part of the husband. Here the lamp of love must burn brightest. That which has been but dimly burning all the while if under this blast it snuffs out.

If we should teach a child to like that which is good in reading, we must establish the liking in his early years. It is not enough that we shall tell him in later days that certain books are good and bid him read them. When he is grown up he will choose that which he likes, and our work is to lead him to like good things. We cannot begin too early. The nursery tales should be those which have fed the children of many an age and clime. The song, the hymn, the poem should be those that are worth reading and reciting. Let us make the beautiful story and myth and hymn a part of the child's early environment. More than this, let us remember that in teaching the children to read good books we are reinforcing them against the ills of life. Accompanied by noble thoughts they shall go to their drudgery and toil with a brave spirit, and make melody in their hearts, even when their hands are rough with toil; they shall dwell with the great and good and their moments of leisure shall be rich because of these good times of their youth.

The Lake City chapter of the United Daughters of the Confederacy has adopted resolutions looking to the location of the contemplated monument in memory to the soldiers who participated in the battle of Olustee at Lake City. The Legislature of 1901 appropriated the sum of two thousand and five hundred dollars towards the erection of the monument, and provided for the appointment of a commission to select the site and superintend the work, but since that time interest in the project has diminished to a great extent. The Lake City Daughters have gone to work, however, and will endeavor to carry the project through to a successful termination by the erection of the proposed monument in the public park at that place.

A shrewd New Englander of the name of Barney has come to Florida for the purpose of raising alligators on a large scale for commercial purposes. There is an immense demand for the skins of young alligators for the making of purses, traveling bags, slippers and a dozen other things in leather, and the supply is far less than the demand. Prices for all alligator leather have steadily advanced until now they are "fancy." Mr. Barney will probably make a success of his venture. New Englanders have a way about them of doing that sort of thing. —DeLand Record.

There are many striking examples of the value of good roads. Wherever roads have been permanently improved it is found that there has been a very great increase in value of the adjacent property.

E. Marcionny made a flying trip to Newberry, Trenton and Wilcox Sunday.

The Thaw trial has proven one thing, and that is that expert testimony amounts to little when expert testimony is produced in rebuttal. Both the prosecution and the defense placed some of the most noted medical men in the country on the stand and their opinions as to Thaw's sanity are exactly crossed, apparently demonstrating the uselessness of proving anything by this source.

HIGH SCHOOL NOTES.

(By Our Special School Reporter.)

The fourth and fifth grades, chaperoned by their teachers and some of the mothers, went on a picnic to Newnan's lake Friday.

The seventh grade has been promised a picnic conditionally the first Friday in May.

The premium for recitations at Chapel exercises for the grammar grade went to the sixth.

The prizes for best letter written by eighth grade pupils descriptive of their picnic the other day were awarded to Mamie McGrew, Katie Torbert, and Thomas Dean. The prizes were a copy of "Crawford," and two copies by "Lady of the Lake."

Last Monday we had as visitors at Chapel exercises some thirty or forty of the University boys. They were off on a lark, "April-fooling" their teachers; but a more orderly and well behaved crowd of boys never sat in the Auditorium. They will always be welcome.

The honor banner was won this last month by the second and third grades.

The following have been selected to represent their respective classes in the commencement exercises this year:

Freshman—Orators, Earle Kelley and Joy Williams; Essayists, Annie Treadwell and Floy Cecil.

Sophomores—Orators, Earle Taylor and Sam Mixson; Essayists, Ethel Durst and Lucia Patton.

Juniors—Orators, Tom R. McBeath and Jasper Malphurs; Essayists, Bessie Kelley and Lena Hunter.

EUREKA!

Yes, I Have Found It At Last.

Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. Georgia Man Arrested at Gadsden.

Gadsden, Ala., April 6.—William Blue, wanted in Bartow county, Ga., on a charge of removing mortgaged property, was arrested near this city Thursday by the sheriff of that county and was lodged in jail. It is alleged that Blue removed from Bartow county Georgia to St. Clair county in this state and brought with him two valuable mules, which were mortgaged.

Frazier Dies at Montgomery.

Montgomery, Ala., April 6.—Frank J. Frazier, the locomotive engineer, shot on Dexter avenue eight days ago by W. H. West, who immediately killed himself, died at the hospital Thursday. Frazier was dangerously wounded and it was regarded as remarkable that he lived eight days.

TROOPS ORDERED TO ARMORIES.

Crisis Believed To Have Been Reached in Ship Yard Strike.

Columbus, O., April 6.—Considerable rioting at Lorain, because the ship yards officials there are importing strike-breakers, caused the mayor Friday to order the local company of national guard to assemble in its armory at 7 o'clock Friday.

Adjutant General Crutchfield was notified by Captain A. F. Gove, of the situation and he (Gove) wires that the condiitons are grave and that three or four companies should be called out. The state officials are in conference over the matter.

Soldiers Under Arms.

Lorain, O., April 6.—There are ominous preparations for trouble in the ship yards strike. Company B Fifth infantry, O. N. G., is assembled in the armory and the company is being put through a drill by Captain Gove, with rifles. The company has been notified to be in readiness to go out at a moment's notice.

There has been no further disorders on the part of the strikers Friday. They were in a sullen mood, however, and the authorities fear that trouble will occur when about two hundred strike breakers arrive in a body during the day.

The adjutant general has ordered Brigadier General John C. Spewas, who is now in Cleveland, to proceed at once to Lorain and report as to the situation.

Mayor King telephoned the adjutant general from Lorain at 9 a. m. Friday morning the situation is critical.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Precautions Being Taken.

Madrid, April 6.—Great precautions are being taken by the Saragossa and Alicante Railroad company with regard to the coaches on the special train which will convey King Alfonso and his mother, Queen Alexandra. The company has affixed seals to the doors of all the coaches night and day. This watch has been ordered to allow nobody to approach the coaches, not even employees of the company.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

MURDERED IN HIS OWN STORE.

Homer Moss, Prominent Nickajack Merchant Foully Slain.

Marietta, Ga., April 6.—Homer Moss, a prominent merchant and land owner of Nickajack, Ga., was murdered at his store at Nickajack, Ga., Thursday night some time between 8 and 1 o'clock.

Mr. Moss left his store at 8 o'clock, and went to his home nearby for some change, telling his wife he would be back soon. His continued absence alarmed them, and at 11 o'clock they aroused the servants, and going to the store they found the back door partly open, and inside on the floor, in the rear of the store, found the unconscious body of Moss.

His skull was fractured, and nearby was a hickory club, about two feet long, which had probably been used by his assailants.

Medical aid was summoned, and Moss was carried to his home, and every care and attention possible given him to regain consciousness, but without avail, and at 3 o'clock he died, without being able to give a clew to his assailant, or the reason for it.

An examination of the store showed nothing missing. Moss' hat and pistol were found behind the counter. He had on his person some money, and his watch, which were not molested.

The coroner has been summoned from Marietta, and will hold an inquest, which may throw some light upon the situation.

Moss was 33 years of age, and leaves a widow and two children, and a mother. He was very prominent, and well liked in the community.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Superintending Shipment of Supplies.

Washington, April 6.—Commissary General Sharpe, of the army, who is superintending the shipment to China of the food supplies contributed by Louis Klopsch, of the Christian Herald, Friday received $60,000 from Klopsch in addition to a previous contribution of $50,000. The fund of $110,000 thus available will be used for the purchase of 3,000 tons of flour which will be shipped to China on the United States army transport Buford sailing from San Francisco on the 30th instant.

Artillery District Re-Established.

Washington, April 6.—The artillery district of San Domingo, which was discontinued in May, 1904, has been re-established by a special order issued from the War Department, and will now comprise Fort Rosecrans, California. The artillery districts have been created as follows: Artillery district of Cape Fear, including Fort Casewell, N. C. Artillery district of Tampa, including Fort Dade, Fla., and Fort DeSota, Fla.

Wealthy Man Pleads Guilty.

New Orleans, April 6.—E. J. Demorest, a wealthy resident of New Orleans Thursday pleaded guilty to violating the state law in having cashed a $45,000 lottery prize about a year ago. He was fined $100. The prize was issued by the Honduras National Lottery company.

Senator Bob Taylor Ill.

Waco, Tex., April 6.—Senator Robert L. Taylor, of Tennessee, is ill in Dallas. He was to have lectured before the young men's Christian association, here Thursday, but a telegram came stating he was ill at Dallas, and could not fill the engagement.

Birmingham Man Arrested.

Vivalia, Calif., April 6.—George W. Bailey was arrested here on a warrant from Birmingham, Ala., accusing him of embezzlement.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

Shortage of Over $40,000.

New Orleans, April 6.—As a result of an examination of books and accounts of Ferdinand P. Dudenheifer, state tax collector, by State Auditor Paul Capevielle, it was announced on Thursday that there was a shortage of over $40,000. Dudenheifer was ordered suspended, and the matter was referred to the district attorney.

Harriman Declines to Talk.

New York, April 6.—E. H. Harriman declines absolutely to talk about the report from Washington to the Standard Oil company and associated interests had raised a fund of $5,000,000 to prevent the nomination for president of a man President Roosevelt's choice in 1908.

Will Elect Legislator.

Columbus, Ga., April 6.—The county democratic executive committee has ordered a primary for April 24 in which to nominate a representative in the legislature to fill the vacancy caused by the death of Hon. Peter Preer. A secret ballot will be used in the primary.

Tailors and Cutters Strike.

Berlin, April 6.—A general strike of tailors and cutters was begun on Thursday throughout Germany. Ten thousand men are involved.

Hard Drilling.

A bit of the kind of American humor that has thrived since the days of Benjamin Franklin comes from a Montana mining camp.

Said one miner, "The rock down in that shaft is so hard that they used six barrels of drills the other day and barely scratched it."

"Ugh!" said another. "I saw 'em working on a ledge once where the rock was so hard that after they had used nine barrels o' drills on it the hole stuck out six inches."

Economy.

Lady Shopper—Have you any of your one dollar goods marked down to 99 cents? Salesman—None left, ma'am. We have the $1.50, $2 and $2.50 grades at the regular price and the $5 grade marked down to— Lady Shopper—Give me the $5 grade.—New York Times.

From Experience.

Elli—I shan't read any more novels. They all stop when he wins his sweetheart, and then it's just the best part. Father—Little blockhead! Who told you that was the best part?—Floh.

Almost a Threat.

Police Inspector—Haven't I often instructed you that you are not to allow the public to pick the flowers in this park? Park Keeper—Yes, that is my wife, who used to be your cook. Perhaps you will try to make her stop.—Meggendorfer Blatter.

A Domestic Distinction.

"They say that your wife wears the pants," commented the tactless friend.

"She does not," responded young Mr. Enpeck with some spirit. "She merely selects 'em."—Louisville Courier-Journal.

FROM MUNICIPAL CLUB.

Some Figures Given in Regard to Condition of Bond Fund.

(Advertisement.)

The statement in The Elevator and in the circular sent out by the Municipal Club gives the amount of the city's share of the cost of West Liberty street as $4,000. Upon close examination of the books of the Board of Public Works we find that on West Liberty street from the east corner of Col. Dutton's property to the city limits is 8,960 feet.

On the north side of the street 3,594 feet and on the south side 3,455 is assessed to property owners.

Upon further examination we find there is assessed against the property owners the following amounts:

North Side of Street.	South Side.
$1,991.50...for road	$3,043.10
1,439 35...for curb	$1,471 90
638.06....for grading	$823.81
93.48.....for surveying	$90.92
1442.51....for miscellaneous	$430.17
$6,092.90	$5,859.90

By adding these two amounts we get $11,952.80, the amount paid by the property owners, and $5,976.40, the city's share, total cost for 359 cubit feet of West Liberty street as stated above $17,929.20. The street is 8,960 feet from Dutton's corner to the end, and on the north side the property owners were assessed for 3,594 feet, leaving 360 feet which is divided into nine streets each forty feet wide.

Seven of these streets are forty by eighty feet, making 3,200 square feet or 355 5-9 square yards, which at sixty-four cents makes a cost of $227.55 each or $1,592.85 for the seven. Two of these streets are forty by sixty feet, making 2,400 square feet or 266⅔ square yards, which at sixty-four cents a square yard makes a cost of $170.66 each, or $341.32 for the two.

Add these two amounts and you have $1,934.17 the cost of the nine streets, with no charge for grading, surveying or other miscellaneous items.

We also find that the city paid half of the amount of paving in front of Mr. Grissom's property for the right-of-way, which is $113.91; to this add the cost of the nine streets, $1,934.17, then add the city's share of the cost of 1394 feet, which is $5,976 40, making a total of $8,024.48 the exact amount this street cost the city.

As there are 3,594 feet assessed on the north side and 3,455 feet on the south side they have failed to assess to the property owners this difference of 139 feet.

Below we give a statement of the checks paid to the Southern Fuel and Supply Company up to January 10, 1907, as per the books of the Board of Public Works:

June 14, First National Bank check No. 6, to June 1, 1906, $3,585 37.

July 12, First National Bank check No. 7, to July 1, 1906, $2,779.93.

August 8, H. F. Dutton & Company check No. 28, to August 1, 1906 $4,306 96.

September 10, H. F. Dutton & Company check No. 29, to September 1, 1906, $2,119.27.

October 16, First National Bank check No. 18, to October 1, 1906, $600.

November 2, H. F. Dutton & Company check No. 86, to November 1, $5,000.

January 10, 1907, H. F. Dutton $500.

December 17, 1906, First National Bank No. 1, $1,694 34.

Total amount of checks paid as per above, $20,685 88.

The credit side of their account on the books shows this is for the following items:

By contract for culvert, $600.

By contract for roadway on Liberty street west of Pleasant street, $9,834.44

By contract for sidewalk on Liberty street west of Garden street, $5,571.75

By contract for curbing on Liberty street west of Garden street, $4,579 74.

Making a total of $20,585.93.

These amounts are drawn, as shown, from the deposits in the two banks.

The funds deposited in the two banks were the proceeds of the sale of that issue of bonds for $65,000 on the General Utility Bonds, as shown in this entry taken from the books of the Board of Public Works.

April 16, 1906, H. F. Dutton & Company, deposit $33,481.25

April 16, 1906, First National Bank, deposit $32,466.66.

Making a total of $65,947 91.

To Hospital Bonds, $5,000.

To Street Bonds, $10,000

To Sewerage Bonds, $50,000.

Coupon Interest Account $947 91.

Making a total of $65,947.91.

Proceeds of sale of bonds referred to in minutes of March 28, 1906.

What right had the Board of Public Works to pay the Southern Fuel and Supply Company $20,585.93 out of the proceeds of the sale of these bonds when Mr. S. J. Thomas, a member of the board, distinctly states in his circular "that the ordinance creating this board does not permit it (the board) to use the money derived from the sale of bonds for any other purpose than that for which they were voted?"

Therefore this fund is sacred and cannot be loaned or used for any other purpose, which is exactly what has been done.

PUBLISHING COMMITTEE, MUNICIPAL CLUB.

FRIDAY NIGHT'S DANCE.

Elks Home Was Scene of Gaiety Among the Young People.

One of the most enjoyble social affairs of the season was the dance given by the young men at the Elks' home Friday night. It was largely attended and those present were afforded an opportunity for the first time of inspecting the new home, recently completed.

There were present twenty-two couples. The program opened promptly at 9 o'clock by the grand march, led by Mr. E. B. Brown and Miss Jesse Bodiford. A program of twenty numbers, with intermission, followed.

The young people were delighted with the elegance of the new home, and were especially impressed with the fine new floor, which is said to be among the finest in Florida for dancing.

Among those who attended from out of the city were Miss Louise Harris, the charming daughter of Hon. Frank Harris of Ocala, and Miss Alice Bullock, another of Ocala's charming daughters, both of whom came up for the occasion. Mr. and Mrs. Thomas Howard of Pittsburg were also in attendance.

During the evening delicious punch was served by Mesdames J. D. Stringfellow and C. S. Robertson.

Troops Are Not Looting.

New York, April 6.—A dispatch received by the Associated Press from President Zelaya, of Nicaragua concerning reports that looting had been indulged in by the Nicaraguan and Honduran troops at the time of the capture of Tegucigalpa follows: "Managua, Nicaragua, April 4.—Fact have demonstrated the falsity of the Salvadoran news. Reports about the occupation of Tegucigalpa by the Nicaraguan army are infamous calumnies. The American charge d'affaires is able to give testimony. (Signed) Zelaya."

Letter to Rev. T. P. Hay, Gainesville, Fla.

Rev. Sir: We should like to ask your advice on a certain thing done: was it right or wrong? We shall have to state it, including the names.

D. F. Dreicorn is a painter in Holyoke, Mass. John J. Donohue is an architect, Springfield, near-by.

Donohue was building, at Holyoke, the Holy Family Institute, letting the work by bids, as usual. Dreicorn got the paint job; the paint was to be lead-and-oil.

But Dreicorn said to himself: "Lead-and-oil isn't half so good as Devoe and it costs more money, what shall I do?" He painted Devoe; and, after the work was done, told Donohue, saying: "If that isn't better than any lead-and-oil job, I'll make it so."

Was Dreicorn right or wrong in painting a lead-and-oil job Devoe?

You ask how it turned out. This was six years ago. Now Donohue has another job there, a big addition to the Catholic Hospital; and he doesn't ask bids for the painting, but says to Dreicorn: "Go ahead Dreicorn and give me as good a job as you did on the Institute. That's the best paint job I ever saw."

The question is "Was Dreicorn right in painting Devoe when he had agreed to paint lead-and-oil?"

That isn't quite all. Lead-and-oil is expected to last three years. If Dreicorn had used lead-and-oil, there would have been another job for him or somebody else three years ago.

Was he right in losing that job for himself or somebody else three years ago?

The Institute took 200 gallons Devoe and cost $1,600; the paint has worn six years, when Donohue says "its the best paint job he ever saw." If he had used lead-and-oil, it would have cost about $2200 for the two paint jobs (six and three years ago) and be hungry for paint again.

Dreicorn lost $1200 of business and took the risk of making Donohue mad and losing his business forever, all to save the Holy Family Institute $1200 besides the fuss of a paint job.

Was Dreicorn right or wrong as a painter; and which would you paint your church, lead-and-oil or Devoe?

Yours truly,
26 F. W. DEVOE & CO.
